

Team & Individuals

Why use Baccab for your Team & Individual pictures

Baccab's way of working is different from other photographers, and focuses on Customer's WOW Factor.

Other Photographers... Does this sound familiar? Set a date for pictures, coaches distribute photographer's forms to parents. Parents fill in forms with their order options, make a check and give the form and check to their children and send them off with the photographer. Parents are now just hoping what they get back is a decent picture of their children.

At Baccab, the first part of our process is exactly the same to the other photographers, we set a date, have the coaches distribute the forms and make sure the forms and checks are ready for picture day. The BIG DIFFERENCE is we get parents involved in the process. On picture day it's a must to have a parent accompany each child.

Partnership - With a computer on site connected to the camera, we make every parent our partner, as they have a say in the picture they will take home. They have a chance to look at the picture on-site and pick their favorite, even having the chance of a re-take while the picture is being taken. At the end of the session parents know exactly what they are taking home, no surprises.

Innovative - With a selection of 2 new poses and the traditional pose every season, parents have options to choose from, they might like their children's pictures to look the same to keep a progression of how they look through life, or they might like something different every year for a fresh look.

Flexible - while other photographers don't make any changes to their packages if parents have a need to make some tweaks to a package we try to accommodate a fair solution on site, keeping a win-win mentality at all times.

Great Selection - We have packages for everyone at great prices. From the most simple package for parents who just want to take a memory home for only \$11 to a great combination of sizes at \$32. We have a wide variety of items and we stay up to date with market trends introducing new items every year. (All prices include Taxes)

If you decide to use Baccab for your Team & Individual Pictures, please contact us as soon as possible to set up an appointment to review details and dates available.

From the team at Baccab, thank you for your interest in our work.
